SUMMARY

Motivated Computer Networking student at Koforidua Technical University with practical IT attachment experience at NIB and a growing interest in networking, cybersecurity, and backend development. Currently developing skills in JavaScript, Node.js, API development, MongoDB, and Git/GitHub, while strengthening knowledge of computer networks, troubleshooting, and IT systems. Passionate about continuous learning, problem-solving, and applying technical knowledge to real-world challenges. Eager to secure an internship or entry-level opportunity to gain practical experience, contribute to a team, and grow professionally in the IT industry.

PROFESSIONAL EXPERIENCE

Completed an industrial attachment at National Investment Bank (NIB), gaining workplace experience and exposure to IT operations. Currently developing backend development skills in JavaScript, Node.js, API development, MongoDB, and Git/GitHub through personal learning and projects.
